

the **NEW**

projector ceiling mounts

Not only the projector itself is an important element in a professional installation.

Quick Installation, adjustment features and stability of the accessories are features just as important.

Audipack introduces the new generation ceiling mounts for projectors offering the new Quatro-Fix® and UTS brand related installation program.

Audipack®

It's great to have solutions...

Audipack projector ceiling mounts

the **NEW** Quatro-fix®

Quatro-Fix®, The allrounder

The Quatro-Fix® projector mount offers a maximum flexibility to set up any projector up to 20 Kg with the most complicated installation patterns.

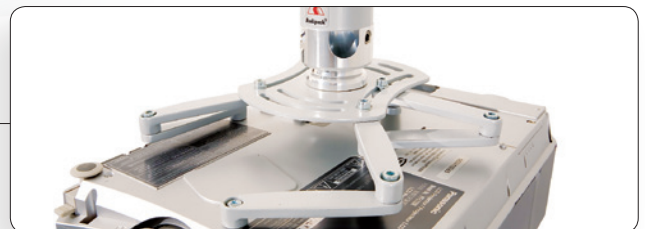

The Quatro-Fix® ceiling mounts and the brand related mounts are equipped with a special new designed ball joint that allows to aim the projector almost effortless. The ball joint is designed in a way that the projector rotates from it's own point of gravity. That means a flexible and almost friction less adjustment.

- ▲ **Max. load 10-20 Kg**
- ▲ **Max. mounting range 440 mm**
- ▲ **Angle adjustment 15 + 15 degrees**
- ▲ **Available in grey**

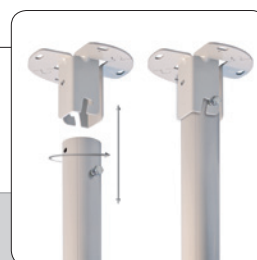

Quatrofix 300 G

Flexible and large mounting range

Neatly installed cables through the tube set

Quick installation with bajonet feature (telescopic only)

the **NEW** Brand related
